

Lighthouse Totems & Eagles Excursion

Greetings To You!

Starting this year in 2011 we now provide a complete printed version of the entire tour narration to non-English speaking guests. This waterproof booklet is printed in full color and contains stunning photographs which correlate to each portion of our award winning excursion route. You can obtain a copy on board by asking one of our friendly crew members.

The booklet contains translations for the following languages:

- English (For The Hearing Impaired)
- Korean
- French
- German
- Chinese (Mandarin)
- Russian
- Spanish
- Japanese

Please note that these booklets are only available to our guests while on aboard our excursion vessels.

Lastly, if you would like to advertise in our popular booklet please send us your ideas and/or marketing concepts and we would be more than happy to further discuss potential venues of opportunity.

Thank You and God Bless,
Captain Rob & Pamela Holston
